Complaints Procedure

Policy Overview

London School of Social and Management Sciences is keen to minimize all kinds of non-conformities and to encounter those non-conformities through an established system of receiving and dealing with complaints. Appropriate systems of receiving and dealing with the complaints provide the gateway to learn the views of those who experienced the institution's services. This gives the School an opportunity to rectify the non-conformities and thus brighten the image of the institution when correctional actions to remedy the non-conformities are taken.

Who can complain?

The following people may bring complaints:

- those who are not satisfied with any services received from the School;
- students (or those acting on student's behalf)
- visitors
- service users
- staff members

Reasons for Complaints

Complainants may bring complaints for any of the reasons set out below:

- That the advice provided was not appropriate or wrong;
- That the personnel did not provide appropriate guidance;
- That the matter has been dealt with negligently;
- That the institution did not update the complainant properly and in time, thus complainant failed to take appropriate action and suffered loss and damage;
- That the complainant received substandard services;
- That the complainant had been misled about the matter;
- That the institution did not deal with complainant's problem expeditiously and thus had caused him/her problems of a substantial nature;
- That the institution has charged in excess of the fee scheme;
- That the institution had never provided the complainant with the services for which he/she had already paid;

You may also add any other reasons that suit you most in your complaint. Please give details of the reasons as much as possible. State your reasons clearly and without any apparent ambiguity.

Purpose of the Complaints Procedure

The purpose of the Complaints Procedure is to establish an effective monitoring system in the organization. The School can identify any on-going irregularities or ineffectiveness of systems, when there is a complaint about the matter from an interested party. The complaints procedures are also used as indicators of standards of customer service that have been successfully established and tested.

When a complainant approaches the School with a genuine complaint, it is believed that the complainant has given the School a chance to rectify the errors or ineffectiveness or unfairness in the system. It also helps the School to take appropriate policy decisions after careful consideration and investigation of the complaint. The most important purpose of the complaints

procedure is to ensure that no student leaves the organisation with bad experience, dissatisfactions or grievance.

Informal Complaints Procedure

Introduction

This is a less formal procedure where a complainant may raise his or her concern about the way a particular service was provided. The complainant may meet with the complaints officer and discuss the matter that will be then immediately dealt with. However, if the matter is serious and complicated and the complainant is still dissatisfied, the complaints officer may accept the complaint as a formal one.

Report to the Complaints Officer

If a student, visitor, or other interested party is dissatisfied because of the way she or he was dealt with, the dissatisfied person may complain about the matter. The Complaints Officer will record the complaint in writing and will immediately look into the matter.

Investigation

The Complaints Officer will then immediately investigate the matter. If necessary, the Complaints Officer will contact the department from which the complaint emanated. If the complaint is able to be immediately resolved, the Complaints Officer will take a decision as to the resolution of the complaint and inform the relevant parties. However, if it is not possible to investigate the matter on the same day, the Complaints Officer will provide a possible time frame to deal with the complaint, explaining to the complainant why it was not possible to give a decision immediately. If, upon investigation, the Complaints Officer feels that the situation is serious enough to warrant a formal complaint, the complainant will be advised of this, and encouraged to pursue this.

Decision

If the Complaints Officer is able to resolve the complaint and provide a decision, this will be done so orally, but should be followed by a written confirmation of the decision to the relevant parties. A copy of the written decision must be given to the senior management of the academic or the administrative head. If the Complaints Officer is unable to satisfactorily resolve the complaint, the advice of the Senior Management Team may be sought, or the complaint may be escalated to the status of a Formal Complaint.

Formal Complaints Procedure

If a complainant wishes to bring a serious complaint about any matter in relation to the way services are provided, or the way they have been dealt with, or if an informal complaint has not been dealt with satisfactorily, the complainant may bring a formal complaint.

A complaint form should be completed, with documentary evidence attached as appropriate, and this should be submitted to the Complaint's Officer for consideration. At this stage, the documentary evidence submitted need not be the original copies.

Letter of acknowledgement

When the Complaints Officer receives a formal complaint, a letter of acknowledgement will be sent. The letter must set out the next steps to be taken and indicate a time frame of the investigation. The maximum time for an investigation will be four weeks.

Investigation

After receiving the formal complaint, the Complaints Officer must contact the department or the member of the staff against whom the complaint has been brought. Details of the complaint will be provided for their prompt response. The Complaints Officer will consider the evidence brought by both parties, and may interview witnesses if appropriate in order to accumulate further evidence.

Report of Findings

The Complaints Officer will report their findings in writing to the academic or administrative head and will inform both parties in writing of his/her decision in the matter, along with recommendations as to steps to be taken in order that the matter may be fully resolved. The written decision must indicate the following:

- Background of complaint
- Summary of investigation
- Summary of evidence or documents and witness statements
- Summary of findings
- Decision
- Reasons for such decisions
- Conclusion

The letter must clearly explain the steps already taken in relation to the complaint such as suspension or reprimand.

Appeal of Decision

If the complainant is not satisfied with the decision given by the Complaints Officer, he/she may submit an appeal. The appeal will be heard by the academic or administrative head.

Appeals should be submitted in writing to the academic or administrative head within 14 days of the Complaints Officer's original decision. Additional evidence which the complainant wishes to submit should be attached. The head will consider all evidence available, both new evidence and that from the Complaints Officer's investigation, and shall provide the staff member or department against whom the complaint has been lodged the opportunity to respond to the accusations in writing.

The head will then complete a report, in line with the guidance above, and make a decision as to the outcome of the appeal. He/she may decide to support to the original decision of the Complaints Officer, or may make alternative recommendations as to the resolution of the complaint. The decision of the academic or administrative head will be final and no further right of appeal will be offered.

Policy and Procedures for the handling of Deposits, Fee payments and Refunds

Introduction

It is important that students pay their fees and any required deposits at the right time to avoid any problems with starting the studies. Students are encouraged to read the following carefully and of course, get in touch with the Institution if there is anything they need to clarify.

Deposits

1. All successful overseas applicants to any of the School's programmes are required to pay a minimum deposit plus non-refundable registration fee £100 to accept their place.
2. Upon receiving the deposit and/or the required documents, the Institution will send a Confirmation of Acceptance Letter and other relevant documents which are necessary for the visa application of the overseas students.

Students can pay the deposit by cash, cheque, bank transfer or bank draft.

If a student pays directly to London School of Social and Management bank account, the surname of the student should be mentioned as reference which will appear in the bank statement.

Deposits paid in person: If the students are already in the UK or if someone else pays the deposit on student's behalf, the deposits may also be paid by cash or cheque to our Accounts Officer on campus but students are encouraged not to send cash in the post and be very careful if carrying large amounts of cash with them. When we receive deposits, the details of amount paid will be confirmed on the visa letter.

Deposits to third parties: **The tuition fees should not be paid to anyone else but the Institution.** Students are reminded not to deposit tuition fee with third parties or send money to the Institution by post. Some of the Institution's approved overseas representatives will accept bank drafts, made payable to the Institution only. Students are encouraged not to pay any or all of their tuition fees to overseas representatives; if any deposit is paid a receipt must be obtained from the Institution immediately, signed by an authorized person and stamped. The Institution advises the students to email or inform us whenever they make payments to the overseas agents/consultants. **Again, the students are reminded that they must not pay cash direct to the approved agents, make a direct bank transfer or issue cheque/bank draft to their personal or agency name. Please write the cheque/bank draft to the School only or make a direct transfer to 'London School of Social and Management Sciences'. The School account number will be provided with the admission documents.**

If the students have any doubts, they should contact the Institution over phone, fax or email. None of our approved agents is authorised to collect cash, cheque/bank draft on his/her own name or his/her agency name on behalf of London School of Social and Management Sciences. All types of payments should direct to London School of Social and Management Sciences.

Fees

Students may pay their tuition fees in a single payment at the time of enrolment or by instalments.

Single Payment: Single payment should usually be made before the course start date. Students paying tuition fees in a single payment may receive 10% discounts.

Payment by Instalments: All fees must be settled prior to the commencement of the course. If instalments option is chosen, the fees must be paid as per the agreed instalments. No supplementary charge will be added to the tuition fees.

The following conditions will apply to those paying by instalments

- Students who choose to pay by instalment(s) must continue to do so until the full balance of the course fee is paid in full.
- A facility to pay by instalments may be withdrawn or charged an interest from individuals who fail to meet instalment deadlines promptly or their cheques are dishonoured.

Refunds

1. The Institution assumes that all prospective students will have thought long about taking up a course and therefore applying for admission.
2. However, the Institution understands that there are many reasons for wishing to withdraw from a course, both before and after courses have commenced. Consequently, the Institution policy on refund of fees upon withdrawal is as follows: In the event of cancellation, for whatever reason, the following will apply:
 - i) Cancellations must be made in writing and will only be considered to have been made on the date on which they are received by the Admissions.
 - ii) For cancellations which are received before two weeks of the course commencement date, a non-refundable registration fee of £100 will be deducted and any balance held will be refunded.
3. Where cancellations are received after two weeks of the course commencement date, for whatever reason, no refund will be given. In the event that the cancellation is received within two weeks of the course commencement date, the refund will be at the discretion of the Institution.
4. Overseas students should note that where a statement has been sent to the UK Visa and Immigration (UKVI) to support a student visa application, the Institution must notify the UKVI of any cancellation.
5. For students who are not successful in obtaining a visa a refund will be granted after a deduction of the non-refundable registration fee £100, on the receipt of a completed Refund Request Form and a copy of the official visa refusal letter issued by the relevant British High Commission/Consulate. A copy of the judgement of the British Immigration Tribunal may also be required where the Appeal was rejected by the Tribunal. Any such request must be made within three months from the date of the refusal.

6. No refund is permitted or shall be made if a student enters the UK on a student visa obtained on the basis of the Institution's letters of acceptance.
7. A full refund of tuition fees will be made if the Institution is unable to offer an advertised course.
8. Where it is proved that a prospective student has submitted a forged document or documents (e.g. certificates, transcripts etc.) with a view to obtaining the Institution Offer Letter, such a prospective student will not have his or her fees refunded by the Institution.
9. International students who failed to obtain a visa must apply for a refund within three months of their visa refusal.
10. Although the Institution will always endeavour to respond to refund requests with a sense of urgency, under normal circumstances it takes up to six weeks to process a refund. The process will start from the day the Refund Application Form along with other required documents are submitted to the Institution.
11. In order to claim a refund of tuition fees the student or sponsor must meet the following conditions:
 - Advise the Head of Administration in writing of withdrawal from the course before the start date of the course.
 - Complete and return the Refund Application form along with Student Card and other Institution property, including all original documentation issued by the Institution.
 - International students or their sponsors must return all original documents issued by the Institution (acceptance / enrolment letter, receipts etc) which were issued by the Institution and proof of rejection of student visa (a letter issued by the British Embassy / High Commission or British Immigration Authorities, confirming the refusal of visa / entry) and photocopies of the relevant pages of the passport.

No refund will be given to a student under the following circumstances:

- a. Cancellation due to change in personal circumstances, including a family bereavement.
- b. If the student is asked to leave the country by the United Kingdom Authorities, or if they leave the UK during the programme period without permission from the Institution and are subsequently refused re-entry.
- c. If a visa is refused as a consequence of not having a minimum of 80% attendance by the student over the period of the course enrolled or of any illegal activities by the student.
- d. If the disruption in studies is due to students' conviction, court proceedings or a litigation involving them.

Review of the Policy: The Institution may at its discretion, review and alter its Policy and Procedures for handling of Deposits, Fee payments and Refunds at any time without giving prior notice to or consulting with anyone concerned or affected by this policy.

Note: Registration fees are non-refundable.
